#### **Brand Guide**

#### **Brand Guide**

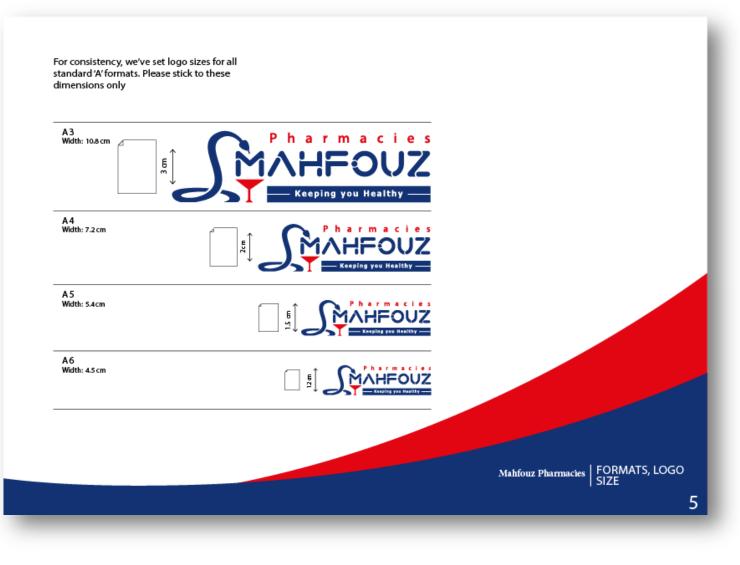

A logo is one of a company's most important brand elements, but applying it right every time does not need to be complicated. There are two simple rules when using our logo: please read these guideline first and always use a master artwork file By doing that, we avoid our logo looking like a poor and distant cousin, which can be very damaging to our reputation

A logo is one of a company's most important brand elements, but applying it right every time does not need to be complicated. There are two simple rules when using our logo: please read these guideline first and always use a master artwork file By doing that, we avoid our logo looking like a poor and distant cousin, which can be very damaging to our reputation FOUZ OUZ Healthy — Keeping you Healthy Mahfouz Pharmacies LOGO DON'TS 3

#### WHO WE ARE?

 In 1970, Dr. Ezzat Mahfouz established our first branch in Alexandria and since then it has been the pioneer in the Alexandria market providing pharmaceutical services including preparing drug formulations at the highest level of accuracy and efficiency in addition to providing all medical products exclusively rare items as well as providing consulting services for patients with the best available treatments.

Our team also includes beauty experts who are happy to provide effective advice and the highest quality personal care products and cosmetics.

We don't just thrive to care for your health, We Aim to preserve it.

#### VISION

Mahfouz pharmacies team continues to develop in order to always be at the level expected from our patients, since we believe that your health is our responsibility, we operate through high ethics and genuine care for you and your families health.

#### MISSION

We are always working on continuous development to provide high level of pharmaceutical services. We thrive to become a source of confidence for all our customers. Currently, we have 13 branches in Alexandria and we are planning to expand across Alexandria then Eqypt.
